Partnering agencies:

Stearns County

This report was prepared by:

Sam Hageman, Benton County
Ann Kinney, Minnesota Department of Health
Jennifer Lezer, Benton County
Peggy Sammons, Stearns County

The Central Minnesota Alliance would like to thank the many individuals who provided advice and support for the development of the 2021 Central Minnesota Community Health Survey including Sam Hageman, Mariah Klein, Jennifer Lezer and Jaclyn Litfin (Benton County), Ann Kinney (Minnesota Department of Health), Rachel Anyu, Dan Backes, Pam Beckering, Delali Degbey, Hannah Dockendorf, Jodi Gertken, Sergio Guerrero, Angelic Hightand Hani Jacobson (CentraCare), Brian Davis, Allison Dudek, Janet Goligowski, Samantha Heskin, Mike Matanich, Natalia Nice, Danielle Protivinsky, Peggy Sammons, and Jennifer Wald (Stearns County), and Cody Engelhaupt, Amanda Larson, Abdi Osman, Nicole Ruhoff, and Kara Zoller (Sherburne County).

In addition, the Central MN Alliance would especially like to thank the more than 1,500 residents in Benton, Sherburne and Stearns counties who completed the survey.

This study was funded equally by CentraCare and the public health departments of Benton, Sherburne and Stearns Counties, using a portion of their grant funds from the Minnesota Department of Health's Statewide Health Improvement Partnership.

Survey Methodology Overview

The *Central Minnesota Community Health Survey* of adults was conducted between March and June 2021 in Benton, Sherburne, and Stearns counties.

Survey Instrument

For the 2021 survey, a number of changes were made to the content of a survey conducted in the region in 2016. Staff from each of the participating public health agencies and from CentraCare Health System selected and developed the questions for the 2016 and 2021 survey instruments, with technical assistance from the Minnesota Department of Health Center for Health Statistics. The 2021 survey was formatted by the survey vendor, Survey Systems, Inc. of Shoreview, MN, as a scannable, self-administered English-language questionnaire.

Sample

A disproportionate stratified design was employed for the sample. Six sampling strata were defined by county and ZIP code boundaries. Within each stratum, a two-stage sampling strategy was used for obtaining a probability sample of adults. For the first stage of sampling, a random sample of residential addresses within each stratum was purchased from a national sampling vendor (Marketing Systems Group of Horsham, PA).

Address-based sampling was used so that all households would have an equal chance of being sampled for the survey. Marketing Systems Group obtained the list of addresses from the U.S. Postal Service. For the second stage of sampling, the “most recent birthday” method of within-household respondent selection was used to specify one adult from each selected household to complete the survey.

Survey Administration

An initial survey packet was mailed to 7,268 sampled households that included a cover letter, the survey instrument, and a postage-paid return envelope on April 5 and 6, 2021. About 10 days after the first survey packets were mailed (April 15), a reminder postcard was sent to all sampled households, reminding those who had not yet returned a survey to do so, and thanking those who had already responded. Three weeks after the reminder postcards were mailed (May 6 and 7), another full survey packet was sent to all households that had still not returned the survey. The remaining completed surveys were received over the next four weeks, with the final date for the receipt of surveys being June 18, 2021.

Survey Response

Reporting area	Number of addresses sampled	Number of completed surveys	Response rate
St. Cloud metro (56301, 56303, 56304, 56374, 56377, 56379, and 56387)	2,468	470	19.0%
Stearns County whole	2,760	604	21.9%
Stearns County "rural" (Stearns excluding 56301, 56303, 56374, 56377, and 56387)	1,600	390	24.4%
Benton County whole	2,400	549	22.9%
Benton County "rural" (Benton excluding 56304, 56379 and 56377)	1,600	403	25.2%
Sherburne County whole	2,108	397	18.8%
Three county region	7,268	1550	21.3%

Data Entry and Weighting

The responses from the completed surveys were scanned into an electronic file by Survey Systems, Inc.

To ensure that the survey results are representative of the adult population of each reporting area, the data were weighted when analyzed. The weighting accounts for the sample design by adjusting for the number of adults living in each sampled household and for the disproportionate stratification. The weighting also includes a post-stratification adjustment so that the gender and age distribution of the survey respondents mirrors the gender and age distribution of the adult population of each reporting area according to U.S. Census 2010 estimates.

About the Data Tables

For every table in this data book, results are displayed for sub-groups of respondents based on:

- Gender: male and female
- Age: 18-34, 35-44, 45-54, 55-64, 65-74, and 75+
- Highest level of education: high school graduate/GED or less, trade or vocational school/some college/Associate degree, bachelor's degree, and graduate or professional degree
- Poverty status: Less than or equal to 200% of poverty level, and more than 200% of poverty level (example: In 2020, a family of 4 with annual income of \$52,500 = 200% of poverty level)

The columns in each table correspond to the response options respondents were given on the survey; each column indicates the percentage of respondents who gave that response to the question. Some questions apply only to certain types of respondents (due to skip patterns in the survey).

Two different types of tables are included in this report:

- Some tables include all response options for a particular question in one table. Each table contains the Region level results, as well as gender, age, education, and poverty status. In addition, each table includes “Local Comparisons” as a quick reference to the other geographic area totals for that question.
- Some tables display results for the sub-questions included in a multi-question. These tables only include aggregate data.

Data in each row is rounded to the nearest tenth of a percentage; therefore, some rows may equal 99% rather than 100%.

Data Suppressed (DS): For statistical validity purposes, data is suppressed when the number of respondents to the question is less than 30. At times, only specific breakdowns in the data tables are suppressed if there are less than 30 respondents from a demographic subgroup (Gender, Age groups, Education, and Poverty status). All suppressed data will be indicated on the table with DS. This assures respondents cannot be identified and the survey remains anonymous.

Collection of Sex, Gender Identity, and Sexual Orientation

To respect the dignity and diversity of our region’s residents, for the first time on the Central Minnesota Community Health Survey, an expanded sex (male, female) question was offered by asking “What best describes your gender identity?” and offered six categories and an open-ended text option, and a separate question regarding sexual orientation was added also with six categories and an open-ended text option.

For the purposes of statistical weighting by sex, the survey responses for gender identity were used. For survey respondents that selected categories of transgender male, transgender female, non-binary, or described their identity via a narrative response, the benefit of giving their survey responses a voice by including them was weighed against the negative consequence of having to impute male or female sex for each to allow statistical weighting, and thereby inclusion of their responses. The decision was made to include the responses for the respondents that selected either transgender male, transgender female, non-binary, or described their identity via a narrative response within the male and female subgroups. We acknowledge that this is an imperfect solution. Measurement in survey research faces increasing statistical and ethical challenges as we move toward a more diverse recognition of sex and gender constructs, with no currently recognized single best solution.¹

The survey results by gender identity are included in the Sample Characteristics section of this methodology section. These data are available for researchers interested in pursuing further analyses. As survey science evolves to fully embrace the complexities of sex and gender characteristics, our hope is that both ethical and statistical solutions for measurement will be developed and universally applied to advance health equity.

About the Survey Methods

- This is a mailed survey. According to best practices in survey research (i.e., best response rate for lowest cost), a three-mailing sequence was used for all sampled households, which includes an initial survey packet, a reminder post card, and a final packet.
- The survey was sent to a random sample of households in the three counties. All households had a chance of being sampled.
- The response rates for this survey are within the expected range for surveys using the three-mailing sequence with no incentive offered for participation.
- The survey data are adjusted using design weighting, which is necessary to account for the sample design, and post-stratification weighting, which is a statistical technique commonly used to adjust for nonresponse bias (whereby certain types of people are more or less likely to respond to surveys).
- These methods ultimately produced a final sample that is statistically representative of the adult population.

SURVEY INSTRUCTIONS

Correct marks

Incorrect marks

- Please use #2 pencil or blue or black pen to complete this survey.
- Do not use red pencil or ink.
- Do not use X's or check marks to indicate your responses.
- Fill response ovals completely with heavy, dark marks.

INSTRUCTION: Please give this survey to the adult (age 18 or over) in the household who has most recently had a birthday.

GENERAL HEALTH AND HEALTH CARE

1. In general, would you say that your health is:

- Excellent
 Very good
 Good
 Fair
 Poor

2. Have you ever been told by a doctor, nurse or other health care professional that you had any of the following health conditions?

	No	Yes	Yes, but only related to pregnancy
a. Diabetes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. Pre-diabetes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. High blood pressure/hypertension	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d. Pre-hypertension	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e. Depression	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f. Anxiety or panic attacks	<input type="radio"/>	<input type="radio"/>	
g. Memory loss, Alzheimer's disease or another form of dementia	<input type="radio"/>	<input type="radio"/>	
h. Post-traumatic stress disorder (PTSD)	<input type="radio"/>	<input type="radio"/>	
i. Other mental health issues	<input type="radio"/>	<input type="radio"/>	
j. Sleep-related disorders (such as insomnia, restless leg syndrome or sleep apnea)	<input type="radio"/>	<input type="radio"/>	
k. Cancer	<input type="radio"/>	<input type="radio"/>	
l. Heart trouble or angina	<input type="radio"/>	<input type="radio"/>	
m. Stroke or stroke-related health issues	<input type="radio"/>	<input type="radio"/>	
n. High cholesterol or triglycerides	<input type="radio"/>	<input type="radio"/>	
o. Chronic lung disease (including COPD, chronic bronchitis or emphysema)	<input type="radio"/>	<input type="radio"/>	
p. Asthma	<input type="radio"/>	<input type="radio"/>	
q. Arthritis	<input type="radio"/>	<input type="radio"/>	
r. Risk of falling	<input type="radio"/>	<input type="radio"/>	
s. Sexually transmitted diseases/infections (Chlamydia, HIV, etc.)	<input type="radio"/>	<input type="radio"/>	

3. Is there a place that you usually go to when you are sick or need medical care?

(Mark only ONE answer)

- | | | |
|---|--|---|
| <input type="radio"/> I do not have a place I usually go when I need medical care | <input type="radio"/> An emergency room | <input type="radio"/> Religious healer |
| <input type="radio"/> A doctor's office | <input type="radio"/> Some other health center | <input type="radio"/> Google/Internet |
| <input type="radio"/> A hospital outpatient clinic | <input type="radio"/> Schedule an e-visit | <input type="radio"/> Trusted family or friends |
| <input type="radio"/> Public health | <input type="radio"/> Call a nurse line | <input type="radio"/> Some other place: _____ |
| <input type="radio"/> A chiropractor's office | <input type="radio"/> Traditional healer | |
| <input type="radio"/> An urgent care center | | |

DO NOT WRITE IN THIS BOX

4. About how long has it been since you last visited a doctor or other health care professional for a routine check-up?

- Within the past year
- Within the past 2 years
- Within the past 5 years
- 5 or more years ago
- Never

5. During the past 12 months, was there a time when you thought you needed medical care but did not get it or delayed getting it?

- Yes
- No ► IF NO, GO TO QUESTION 7

6. Why did you not get or delay getting the medical care you thought you needed?

(Mark ALL that apply)

- The care I needed cost too much
- My co-pay was too expensive
- My deductible was too expensive
- My insurance did not cover it
- I did not have insurance
- I could not get an appointment
- I had transportation problems
- I did not think it was serious enough
- I was too nervous or afraid
- I don't trust the health care system
- The clinic cancelled my appointment due to COVID-19
- I cancelled my appointment due to COVID-19
- I did not have access to telehealth or a virtual visit
- Other reason _____

7. During the past 12 months, was there a time when you thought you needed dental care but did not get it or delayed getting it?

- Yes
- No ► IF NO, GO TO QUESTION 9

8. Why did you not get or delay getting the dental care you thought you needed?

(Mark ALL that apply)

- The care I needed cost too much
- My co-pay was too expensive
- My deductible was too expensive
- My insurance did not cover it
- I did not have insurance
- The dentist would not accept my insurance
- I could not get an appointment
- I had transportation problems
- I did not think it was serious enough
- I was too nervous or afraid
- I don't trust the health care system
- The office cancelled my appointment due to COVID-19
- I cancelled my appointment due to COVID-19
- I did not have access to telehealth or a virtual visit
- Other reason _____

9. During the past 12 months, was there a time when you wanted to talk with or seek help from a health professional about mental health issues such as stress, depression, excess worrying, troubling thoughts or emotional problems, but did not or delayed talking with someone?

- Yes
- No ► IF NO, GO TO QUESTION 11

10. Why did you not get or delay getting the mental health care you thought you needed?

(Mark ALL that apply)

- The care I needed cost too much
- My co-pay was too expensive
- My deductible was too expensive
- My insurance did not cover it
- I did not have insurance
- I could not get an appointment
- I had transportation problems
- I did not think it was serious enough
- I was too nervous or afraid
- I was afraid someone I know would see me
- I don't trust the health care system
- The office cancelled my appointment due to COVID-19
- I cancelled my appointment due to COVID-19
- I did not have access to telehealth or a virtual visit
- Other reason _____

11. During the past 30 days, for about how many days have you felt sad, blue, or depressed? →

		Days
0	0	
1	1	
2	2	
3	3	
	4	
	5	
	6	
	7	
	8	
	9	

12. Which statement best describes the medications prescribed for you in the past 6 months?

- I had no medications prescribed for me ► **GO TO QUESTION 14**
- I had medications prescribed for me and I filled them all ► **GO TO QUESTION 14**
- I had medications prescribed for me and I did not fill at least one of them ► **GO TO QUESTION 13**

13. Why did you not fill at least one prescription?
(Mark ALL that apply)

- The medication I needed cost too much
- I do not like taking medications
- My co-pay was too expensive
- I did not like the side effects
- My deductible was too expensive
- I had transportation problems
- My insurance did not cover it
- Pharmacy services are not available in my community
- I did not have insurance
- Other reason _____

14. Which of the following types of health insurance do you have?

(Please mark yes or no for each.)

	Yes	No
a. Health insurance or coverage through your employer or your spouse/partner, parent, or someone else's employer	<input type="radio"/>	<input type="radio"/>
b. Health insurance or coverage bought directly by you or your family	<input type="radio"/>	<input type="radio"/>
c. Indian or Tribal Health Service	<input type="radio"/>	<input type="radio"/>
d. Medicare or Medicare Supplement (such as Part D)	<input type="radio"/>	<input type="radio"/>
e. Medicaid, Medical Assistance (MA), or Prepaid Medical Assistance Program (PMAP)	<input type="radio"/>	<input type="radio"/>
f. MinnesotaCare	<input type="radio"/>	<input type="radio"/>
g. Health Insurance through MnSure	<input type="radio"/>	<input type="radio"/>
h. CHAMPUS, TRICARE, or Veteran's benefits	<input type="radio"/>	<input type="radio"/>
i. Other health insurance or coverage (please specify) _____	<input type="radio"/>	<input type="radio"/>
j. I don't have health insurance	<input type="radio"/>	<input type="radio"/>

15. A serving of fruit is a medium-sized fruit or a half cup chopped, cut, or canned fruit. How many servings of fruit did you have yesterday?

Number of Servings:

0 1 2 3 4 5 6 7 8 9 10 11 12 or more

16. A serving of 100% fruit juice is 6 ounces. How many servings of fruit juice did you have yesterday?

Number of Servings:

0 1 2 3 4 5 6 7 8 9 10 11 12 or more

17. A serving of vegetables-not including french fries- is one cup of salad greens or a half cup of vegetables. How many servings of vegetables did you have yesterday?

Number of Servings:

0 1 2 3 4 5 6 7 8 9 10 11 12 or more

18. How often did you drink the following beverages in the past week?

Never or less than 1 time per week 1 time per week 2-4 times per week 5-6 times per week 1 time per day 2-3 times per day 4 or more times per day

- a. Fruit drinks (such as Snapple, flavored teas, Capri Sun or Kool-Aid)

7. Difficulty obtaining mental health services for adults	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

ABOUT YOU

39. What best describes your gender identity? (Mark ALL that apply)

- Male
 Female
 Transgender Male
 Transgender Female
 Non-Binary
 Please describe: _____

40. What best describes your sexual orientation? (Mark ALL that apply)

- Straight/Heterosexual
 Gay/Lesbian
 Bisexual
 Pansexual
 Queer
 Asexual
 Please describe: _____

41. Your age group:

- 18-24
 35-44
 55-64
 75 or older
 25-34
 45-54
 65-74

42. How many adults (including you) and children live in your household?

Number of adults age 18 or older (including you):

- 1 2 3 4 5 6 7 8 9 10 11 12 or more

Number of children under age 18:

- 0 1 2 3 4 5 6 7 8 9 10 11 12 or more

43. About how tall are you without shoes?

	Feet		Inches
0		0	
1		1	
2		2	
3		3	
4		4	
5		5	
6		6	
7		7	
8		8	
9		9	
10		10	
11		11	

44. About how much do you weigh without shoes?

			Pounds
0	0	0	
1	1	1	
2	2	2	
3	3	3	
4	4	4	
5	5	5	
6	6	6	
7	7	7	
8	8	8	
9	9	9	

45. Are you a member of either of the following ethnic or cultural groups?

- | | Yes | No |
|------------------------------|-----------------------|-----------------------|
| a. Hispanic or Latino/Latina | <input type="radio"/> | <input type="radio"/> |
| b. Somali | <input type="radio"/> | <input type="radio"/> |

46. Which of the following best describe you? (Mark ALL that apply)

- American Indian or Alaska Native
 Asian or Asian American
 Black or African American
 African Native
 Native Hawaiian or Pacific Islander
 White
 Other: _____

47. Your education level:

- Did not complete 8th grade
 Did not complete high school
 High school diploma/GED
 Trade/Vocational school
 Some college
 Associate degree
 Bachelor's degree
 Graduate/Professional degree

48. What was your household's total income from all earners and all sources in 2020?
