

# CENTRA CARE Laboratory Services

## MEMO

---

**TO:** CCLS Clients  
**FROM:** CentraCare Laboratory  
**DATE:** 11/21/2023  
**SUBJECT:** Celiac Testing

---

Beginning 11/21/2023 CentraCare Laboratory Services River Campus will begin performing the following testing on site:

**1. Ordering information:**

**Celiac Disease Cascade** (LAB0208014: Beaker Celiac)

(Individual assays listed below)

**Tissue Transglutaminase, IgA/G** (LAB0289736: Beaker TTG A/G)

**Tissue Transglutaminase, IgA** (LAB0213934: Beaker TTGA)

**Tissue Transglutaminase, IgG** (LAB0208408: Beaker TTGG)

**Gliadin DP IgA/G** (LAB0206839: Beaker GLIA G/A)

**Gliadin DP IgA** (LAB0291708: Beaker GLIA-A)

**Gliadin DP IgG** (LAB0291716: Beaker GLIA-G)

**2. Specific Test Information**

- a. Celiac testing will be performed on Monday through Friday.
- b. Specimen type is serum.
- c. Reference Ranges:

**i. Tissue Transglutaminase, IgA reference range:**

Old:

<4.0 U/ml (negative)  
4.0-10.0 U/ml (weak positive)  
>10 U/ml (positive)

New:

<7 U/ml (negative)  
7-10 U/ml (equivocal)  
>10 U/ml (positive)

**ii. Tissue Transglutaminase, IgG:**

Old:

<6.0 U/ml (negative)  
6.0-9.0 (weak positive)  
>9.0 U/ml (positive)

New:

<7 U/ml (negative)  
7-10 U/ml (equivocal)  
>10 U/ml (positive)

**iii. GliadinDP IgA and GliadinDP IgG reference range:**

Old:

<20.0 U (negative)  
20.0-30.0 U (weak positive)  
>30.0 U (positive)

New:

< 7 U/ml (negative)  
7-10 U/ml (equivocal)  
>10 U/ml (positive)

Please contact Jerome Schlabsz, Chemistry Technical Specialist at ext. 57325 with any questions.
