

CENTRA CARE Laboratory Services

MEMO

TO: CCLS Clients
FROM: CentraCare Laboratory Services
DATE: 11/21/2023
SUBJECT: CCP and Anti-TPO

Beginning 11/21/2023 CentraCare laboratory Services River Campus will begin performing the following testing on site:

- **Cyclic Citrullinated Peptide Antibodies, IgG, Serum (LAB0209189:** Beaker CCP)
- **Thyroperoxidase Antibodies, Serum (LAB0232199:** Beaker TPO)

CCP and Anti-TPO testing will be performed on Monday through Friday.

Specimen type for both is serum.

CCP reference range:

Old:

<20.0 U (negative)
20.0-39.9 U (weak positive)
40.0-59.9 U (positive)
> or =60.0 U (strong positive)
Reference values apply to all ages

New:

<7.0 U/ml (negative)
7.0-10.0 U/ml (equivocal)
>10.0 U/ml (positive)
Reference values apply to all ages

Anti-TPO reference range:

Old:

<9.0 IU/mL
Reference values apply to all ages.

New:

<25 IU/ml (negative)
25-35 IU/ml (equivocal)
>35 IU/ml (positive)
